

EXCELLENCE IN DESIGN-LED APPAREL MANUFACTURING

One Platform One Partner Total Control

Matrix gives global brands full control over cost, speed, and supply chain risk — through a fully owned, vertically integrated platform across fabric, development, and manufacturing.

HOW WE DELIVER VALUE TO BRANDS & CUSTOMERS

SHIPPING OPTIONS

FOB
DDP

FOB & DDP built around your delivery needs. We support both origin-based FOB shipments and full door-to-door DDP delivery across the EU, UK, and USA.

LOW MOQ

STARTS FROM
500
PIECES

Flexible. Scalable. Reliable. Designed for growing brands backed by fully integrated manufacturing, not outsourced capacity.

LEAD TIME

6-8
WEEKS

When fabric is ready through our in-house platform, we achieve consistent 6-8 week lead times from development to shipment.

HSBC FINANCE & CREDIT FACILITY

Strong financial partnership backed by HSBC in Hong Kong, through our entity Matrix Platform, we offer flexible payment terms, structured credit facilities, and secure transactions to support your business growth.

RISK MITIGATION

- Integrated 3-country manufacturing footprint
- Alternative sourcing options
- Supply continuity support

EU BASED IMPORT & INVOICING

Direct EU market access through our registered entity Matrix Design d.o.o. in Slovenia, we enable direct EU imports. Local invoicing in EUR and simplified compliance for european buyers.

DESIGN INTELLIGENCE

We drive sell-through performance by integrating real time market data with global fashion forecasting.

DIGITAL TEAM

TREND TO DIRECTION

We study global trends and transform them into relevant forward collections.

IDEA TO COLLECTION

Trend-led concepts, refined with market insight to create winning ranges.

DIRECT-TO CONSUMER INSIGHT

Real-time consumer insights, powered through our retail brands Pantoneclo, Amante, and Leafletic.

VERTICAL FABRIC DESIGN

Leveraging our China Fabric Mill to design based on raw material availability, ensuring price and speed feasibility.

ON-GROUND EU MARKET ACCESS

Active teams in UK, Slovenia & Netherlands, providing real-time retail intelligence through direct store exposure and market validation.

QUALITY GOVERNANCE & TECHNICAL STANDARDS

Matrix Platform: Engineered precision, right-first-time mindset.

Strategic QMS

Full lifecycle integration

Our quality management system (QMS) ensures technical accountability from raw yarn validation to final carton auditing.

Data-Driven AQL 1.5/2.5

Strict statistical sampling at inline, midline, and final stages to guarantee global retail consistency.

Technical Oversight

Dedicated GPQ Teams

Guideline for production & quality (GPQ) experts manage every line to ensure precise bulk replication of approved reference samples.

Independent Verification

QA auditors report directly to group management, maintaining unbiased standards independent of production pressure.

Safety & Precision

100% Metal Detection

Mandatory high-sensitivity needle detection policy to ensure 100% consumer safety for EU/US markets.

Automated CAD/CAM

Utilization of automated spreaders and cutters to ensure absolute measurement accuracy across all size grades.

ISO 9001:2015
CERTIFIED STANDARDS

Right-First-Time
DRIVEN BY TQM

100% Traceable
SUPPLY CHAIN

THE BEDROCK OF OUR GROWTH

Sustainability is not a checkbox for Matrix Platform — it is woven into every decision we make. We work with certified suppliers and audited facilities that meet global social and environmental compliance standards.

 Our integrated approach ensures that growth never comes at the expense of people or the planet.
